

## **The Dangers of Quitting Too Soon**

Bishop Frank E. Toney, Jr.  
Inner-Faith Fellowship Ministries

12/29/19

- I. You shouldn't quit because Jesus didn't quit on you.
- II. You shouldn't quit because you are on a collision course with **Destiny** {the hidden power that works within me and has the power to control the future}.
- III. You will always be haunted by the nagging question of **WHAT IF...**
- IV. You will start a trend of quitting and a trend of failures. Habits {good and bad} are born through life's experiences.
- V. Not only will you let **YOU** down, but you **will** disappoint God, as well as countless others who are depending on you. Rather than leaving a trail of blessings, you will leave a trail of disappointment for others to follow.

### **REASONS WHY PEOPLE STOP [serving, trusting, giving, living] TOO SOON.**

#### **1. The fear of:**

- Failure
- Disappointment
- Rejection
- Being judged by others
- Success

#### **2. They give others the power to influence their decisions.**

- 3. They surround themselves with people who are a negative influence.**
- 4. They decide that people won't understand their dream, so they give up.**
- 5. They don't believe in themselves.**
- 6. Lack of self-discipline.**
- 7. There is no VISION. No clear-cut plan as to how I am going to get from where I am, to where God wants me to be.**
- 8. They want a painless, sweat-less, effortless victory.**
- 9. The task is too long and too hard so they would rather settle for short-term rewards.**
- 10. Poor management [or no] management at all.**
